

## Help Your Client Revive Cherished Memories of the Past, Today

FOREVER Photo Restoration and Colorization presents an exhilarating opportunity to captivate and attract a fresh wave of paying clientele. It's a fact that nearly everyone possesses a cherished vintage family photograph, weathered and worn by the passage of time.

Submitting images is simple. Clients can either include them in their FOREVER Digitization Box to be digitized along with the rest of their order as an "Add On" service, or they can send their digital photos to us directly using our Digital Delivery service — including photos already in their FOREVER account. Whichever way they prefer, we can help. Upon completion, they will receive a restored digital copy.
